FROM: Nancy J. Richardson, Director *NJR*

SUBJECT: House File 466

Pursuant to Section 1 of House File 466 of the 81st General Assembly, the Iowa Department of Transportation (DOT) is required to make quarterly reports to the Legislative Council regarding the progress of the building project for the Motor Vehicle Division and to inform the General Assembly of any significant delays or unanticipated expenditures.

During the quarter ending September 30, 2005, the DOT signed a contract for architectural and engineering design services with RDG Planning and Design of Des Moines, Iowa. The project is on schedule and no unanticipated expenditures have been made.

Please forward this report to the Legislative Council and to the state document repository. If you have any questions about this information, please let me know or contact Lee Hammer, Director of the Office of Facilities Support, at 515-239-1327.
